

ELIGIBILITY INFORMATION

Scholarship & eligibility self-check.

Use this before you ask about the scholarship. It helps you prepare the right questions — it is not an application or approval form.

What you'll get

The standard fee, the scholarship assessment conditions, the questions worth preparing, and the next step for an eligibility conversation.

Clear terms protect everyone.

Eligibility is assessed, availability matters, and an award exists only once it has been confirmed in writing. Knowing that up front makes your conversation with the programme team faster and clearer.
