

A PRIVATE DECISION GUIDE

Is this programme right for you?

A plain-English fit check for Malaysian managers who want to make a better next move without stepping away from work. Read it privately, answer honestly, and only then decide whether a conversation is worth your time.

Approved and endorsed by CMI (UK) against its Professional Standard. A professional development programme — not an MQA-accredited academic degree or a regulated qualification.

Start with the work you already carry.

The three-month Executive MBA is designed for business owners, directors, general managers and senior managers who need a more structured way to examine decisions, test assumptions and move an important business issue forward — while staying in the job.

A good fit if you...

Already make decisions that affect people, operations or business performance.

Can bring a live business challenge into the learning — the applied project is built on it.

Want applied management development rather than a traditional academic MBA.

Can protect three scheduled weekend sessions and the project work between them.

A poor fit if you...

Need an academic degree — for regulated career paths, further academic study or immigration points, choose an MQA-accredited academic MBA instead.

Have no live business issue to work on, or cannot protect the weekend sessions.

Are chasing a title rather than a capability — the programme guarantees no promotion, salary or business outcome.

The boundary, stated once: the Executive MBA runs for three months and leads to the CMI-recognised programme certificate. Chartered Manager (CMgr MCMI) is a separate, optional CMI route with its own eligibility, assessment and fees — decided entirely by CMI, never automatic, and not included in the published programme or fee.

Ask yourself these four questions.

Q1

RELEVANCE

Is the work relevant?

Choose a current decision, constraint or opportunity that matters to your role or business. If you can name it in one sentence, you have a project. If you cannot, the programme will feel abstract.

Q2

SCHEDULE

Is the schedule workable?

Three monthly weekend sessions, 9am–6pm, plus applied work in between. Review the published cohort calendar on the website against your responsibilities — before you enquire, not after.

Q3

FUNDING

Do you need employer support?

If sponsorship matters, involve your employer early. Employer funding may be available to eligible HRD Corp-registered employers, subject to HRD Corp approval and the approved amount — and the application must be submitted before training begins.

Q4

MONEY

Does the fee work for you?

The published standard fee is RM10,000.00. Eligible Malaysian applicants may be assessed for the RM5,000.00 LIFE Innoversity scholarship — individually, subject to availability, and confirmed only in writing. If it matters to your decision, raise it first.

Still unsure? Check privately first

The four-question progression check at futurereadymba.com/resources runs in your browser only — nothing is transmitted, and no contact details are required.

Decide against the alternative, not the brochure.

	THIS PROGRAMME	A TRADITIONAL ACADEMIC MBA
DURATION	3 months, one weekend a month, alongside the job	Typically 18–24 months of academic modules
ASSESSMENT	Applied project on your own business; no exams, no thesis	Assignments, examinations and a dissertation or thesis
AWARD	CMI-recognised programme certificate — professional development	An MQA-accredited academic degree
RIGHT WHEN	The goal is applied capability while you keep working	The goal requires an academic qualification

Both are legitimate choices with different jobs. This guide's only claim: know which job you are hiring for before you pay for either.
