

ELIGIBILITY INFORMATION

Scholarship & Eligibility Self-Assessment

Use this before you ask about the published scholarship. It helps you prepare the right questions; it is not an approval form.

What you will get

The standard fee, the conditional RM4,000.00 LIFE Innoversity scholarship, questions to prepare and the next step for an eligibility conversation.

Clear terms protect everyone: eligibility is assessed, availability matters and an award exists only when it has been confirmed in writing.

Email the programme team: support@futurereadymba.com

Future Ready Executive MBA is a professional development programme. It is not an MQA-accredited academic degree or a regulated qualification.

The published Malaysian fee.

Standard programme fee	RM10,000.00
LIFE Innoversity scholarship	RM4,000.00 for eligible Malaysian applicants, subject to availability, assessment and written approval.
Approved recipient pays	RM6,000.00

The scholarship is not:

- automatic for every Malaysian participant
- a discount code or a guarantee
- a replacement for a written fee schedule
- an HRD Corp decision

There is no fee to request information or ask the programme team about the assessment process.

Prepare for an eligibility conversation.

Use these prompts to organise the facts you want to discuss. They are not selection criteria and do not predict an outcome.

Your programme goal	What responsibility, business issue or management capability are you looking to strengthen?
Your intended cohort	Which published English or Mandarin cohort works with your work commitments?
Your funding route	Are you self-funding, seeking employer sponsorship, or asking your employer to explore HRD Corp funding?
Your next question	What would you need clarified about programme fit, dates, fee, scholarship conditions or the separate Chartered Manager route before deciding?

Request an eligibility conversation: support@futurereadymba.com

The Executive MBA on Future Ready Business Leadership is awarded and endorsed by CMI. Chartered Manager assessment, membership, fees and awards are controlled separately by CMI.
